Was It That Great?
Barry Haynes

We’ve all heard the phrase before, “the greatest thing since sliced bread,” but as it turns out this greatest thing didn’t start out so great.

Otto Rohwedder invented the first bread slicing machine, built to slice bread by the loaf. His prototype and blueprints went up in smoke in a fire in 1917. For the next several years he perfected the design and by 1927 it worked perfectly.

Except no one wanted it.

A lot of bakers were skeptical, fearing the pre-sliced bread would fall apart and grow stale too fast. They didn’t think people would much care if their bread was sliced. In 1928 only one company had bought his device.

Luckily for him and us, the marketing folks stepped in and began promoting the product. By 1933, American bakeries were selling more sliced than unsliced bread loaves. It wasn’t that the idea wasn’t sound, people just had to be convinced.

Sometimes good ideas need promoters, people who can help others see what they may not. Folks with the foresight to see improvements and are willing to go to the effort to bring others along.

Maybe you have a gift for just that. The church needs you. Those that encourage and advocate. Those that let their enthusiasm spill over to everyone they encounter. Those that don’t reinvent but reinvigorate by promotion. Who help spread the gospel by letting everyone know how wonderful it is.

You could help spread the greatest thing ever!

The Shiloh
Scoop

There is a green hill far away,
outside a city wall,
where our dear Lord was crucified
who died to save us all.

We may not know, we cannot tell,
what pains he had to bear,
but we believe it was for us
he hung and suffered there.

He died that we might be forgiven,
he died to make us good,
that we might go at last to heaven,
saved by his precious blood.

There was no other good enough
to pay the price of sin,
he only could unlock the gate
of heaven and let us in.

O dearly, dearly has he loved!
And we must love him too,
and trust in his redeeming blood,
and try his works to do.
